

Calvin Hill alleged

yelling at football players  
under his Yale Captaincy

to follow George Bush  
during registration

since he scoped all  
the creampuff courses.

GB sorta academic dummy  
then,not now. GOP loves

guys,however,who don't  
over-verify inconvenient

facts or the like. Neither  
wring hands over wages

of servers at the club,  
well-tipped at any rate.
